Subject: RE: Tri-agency call on Quantitative Milestone report

Thanks for the update, Laura. We'll stay tuned.

I also understand that the SJV PM2.5 Plan letter was signed. Congrats!

Rory

Rory,

Thanks for sending your available times. I've reached out to the District to get their availability and haven't heard back yet, but I believe they are closed tomorrow (Friday), and Webster is busy the afternoon of 5/16, so next Thursday 10-11 is looking most likely at this point. I will let you know as soon as I hear anything concrete from the District.

Thanks,

Laura

Hi Laura,

Per your email below, we are available for a call this week or next to talk shop on the 2017 QM report for SJV. We'd like to include myself, Wienke Tax, and Jeanhee Hong. We would be available at these times. We could reserve an hour, though it would probably take less time:

- Fri 5/10, 1-3 pm
- Th 5/16, 10-11 or 1:30-3

Would any of those work for you? Please let us know you and the District's preference, and if we could help in any other way to set up this call. If none of those times work, we could seek another time. Thanks!

Rory

Hi Laura,

Sorry to miss your call; I was on the phone with a colleague at that time. As for a tri-agency call, yes, we'd be available for a call this week or next. Let me check with Wienke and I'll get back to you. Thanks for the quick update!

Subject: Tri-agency call on Quantitative Milestone report

Hi, Rory,

I just left you a voicemail on this, but thought I would send an email as well. San Joaquin indicated this morning when Webster and I talked with them that they are interested in a tri-agency call to better understand the request on the 2017 Quantitative Milestone report. Would you and Weinke (and any other R9 staff) be available sometime this week or next for a call?

Thanks,

Laura
